A unique way of discovering your astrology chart. Each student will receive their personal chart and a booklet all about them.

We will go through each sign and discover their inner meanings. This is a fun way of learning the basics of astrology, all done through fairytales.

All participants must submit their birth date, time of birth, and place of birth. If time is unknown, please submit 3 major (different) events with dates in your life, about 8-10 years apart from each other.
